

National Vaccination Month

June 2009

Restore your pet's protection against disease
For Dogs, Cats, Rabbits

June 2009 is National Vaccination Month. We will once again be providing your pets with discounted vaccinations, saving you up to £30 per pet.

CATS & DOGS

Cats & Dogs must be older than 18 months and not have been vaccinated for at least 18 months.

Your pet will be entitled to a free health check and primary course vaccination for the cost of a single booster (a total of 2 visits) at a discount of up to £30.

RABBITS

Rabbits must be older than 9 months and not have been vaccinated for at least 9 months.

Your rabbit will be entitled to a free health check and a 6 month booster vaccination against myxamatoxis in December 2009. To qualify your rabbit will need to have been vaccinated against myxomatoxis in June 2009 by us.

VOUCHERS

Vouchers are available either from www.vaccinationmonth.co.uk or directly from your vet when you book an appointment.

The first appointment must be made during June and the vouchers are valid till the end of July 2009.

Full details are published on www.vaccinationmonth.co.uk
