

## **Hampden Farm Veterinary Practice**

### **Farm Animal Export Vet – Permanent Full-Time**

#### **Aylesbury, Buckinghamshire**

### **The Role**

Hampden Farm Veterinary Practice is seeking a new Vet to join our large and supportive team of experienced Farm Veterinary Surgeons. We have an exciting new opportunity for an experienced Export OV for a forward thinking Farm practice based in Aylesbury - Wing. The ideal candidate would have ample knowledge of exports and a good level of experience within a previous export role.

This is a purely export role which will be carrying out mainly composite product exports to EU and Northern Ireland. The work will be based across various sites working Monday-Friday. No weekends or OOHs. We would also consider part time flexible working applicants.

### **What can we offer you?**

- Salary of £40,000 per annum (rising depending on experience)
- 40 hours / 5 day week
- 6.6 weeks holiday including Bank Holidays
- 5 days CPD
- BCVA, RCVS, VDS paid memberships
- Ability to progress clinically and professionally
- 1 paid voluntarily day
- Various other VetPartners benefits

### **What do we do?**

The veterinary team spend most of their clinical time in an ambulatory role, treating and managing a varied mix of species and clients. The majority of the case load is beef cattle, with a good number of dairy farms. We also see commercial and hobby farms with alpacas, goats, pigs, sheep, chickens and game birds. TB testing is performed by Vets and Vet Techs to spread the load across the team. All aspects of Farm Animal medicine and surgery are performed, either on-farm or within a mobile theatre at the central office. Farm sizes vary from large to small commercial units with a healthy collection of small holders.

- Central Office, pharmacy and operating facility
- 7 Ambulatory Vets, 2 Vet Technicians, 2 Lab Technicians
- Surrey Vet School Training Practice
- VetGP Advisor practice
- Roving Laptop and desktop-based Merlin practice management software

Hampden Farm Veterinary Practice is not just here for our patients and clients, we cultivate a progressive and supportive attitude to our staff's health and wellbeing, to maximise their job satisfaction whilst protecting their personal life. We pride ourselves on facing the day as a strong and light-hearted team who work together to see everyone over the finish line.

Located in the foot of the Chiltern Hills, Aylesbury Vale is a hearty mix of towns, rural villages and stunning countryside. With direct train links to London, the location offers something for everyone.

**What Hampden Farm Veterinary Practice offers its patients and clients:**

- 24/7 access for routine and emergency cases.
- Experienced Veterinary Surgeons with varied interests and advanced qualifications.
